## A MEXICAN MINE

That Has Produced More Than \$1,000,000,000.

A Californian who recently visited the town of Guanajuato, Mexico, thus describes one of the old mines at that place:

"The principal mine there now is the Valenciana, and it has no less than thirty-two miles of underground workings. The main shaft is 2,700 feet deep, is of octagon shape, perfectly walled with stone, and thirty-two feet across. It is said to have produced \$1,000,000,000, principally in silver, and it has employed as many as from 3000 to 5000 men. It now employs about 1000 men in the upper levels.

"In the lower levels and shafts are 800 feet of water. It is said that at the bottom of the shaft there is thirty feet of rich ore. All this immense work was accomplished by hand without a particle of machinery. It is estimated that it would cost \$500,000 to erect a pumping plant to get this water out and keep it out.

"There are driveways for miles zig-zagging down into the mine to a depth of 1000 feet. It is said that at one time an owner of this mine presented several million dollars to the crown of Spain. I was told, too, that at one time there were in the neighborhood of 4000 anastre at work in the town, and that 1600 tons of ore were crushed every twenty-four hours. At present they are crushing about 350 tons of ore a day.

The above prices are delivered at Fairbank A. T. FREE. Terms cash. Address Geo. B. Marsh, Nogales, A. T. j27w

Probate Judge W. F. Bradley has issued a marriage license to Wm. M. Moore, of Washington Camp, to wed Miss Alma A. White.

Mrs. L. Laird who has been visiting her sister, Mrs. P. Hook, returned to her home in Minas Prietas last evening after remaining here several weeks.

Since January 1 last 18 railroads in the United States have gone into receivers' hands, and in the same period 25 roads have been sold under foreclosure proceedings.

Don't forget the meeting tonight at the court house at 8 o'clock, it is for the purpose organizing a club to do what they can to further the silver cause. Be sure and get your name on the roll.

A case of highway robbery has been on trial in Phoenix, in which a little lad, Mal Kent by name, is accused of having forcibly taken possession of a piece of watermelon belonging to a little kinkly headed colored lad.

The little boy was on his knees in his little night dress saying his prayers, and his little sister couldn't resist the temptation to tickle the soles of his feet. He stood it as long as he could, and then he said: "God, please excuse me, while I knock the stuffing out of Nellie."—Ex.

A dispatch from Cleburne, Texas, says a man claiming to be August Schrader came from Dallas tonight. An immense crowd gathered at the hotel to see him. He blessed a few handkerchiefs and then said he was tired, after treating 3000 people at Dallas. He said to an Express reporter that God had sent him to Cleburne.

Col Herring returned home last evening from Prescott, bringing with him Ed Miller, who went with F. R. Morin to Bayard, in Yavapai county but was struck by a shock of paralysis last week and was taken to Prescott for treatment, and from there was brought home, reaching here last night.

BUCKLIN'S ARNICA SALVE. It is guaranteed to give perfect satisfaction or money refunded. Price 50 cents per box. For sale at Tombstone Drug Store.

Paul Noriega was taken down with a bad spell yesterday and is now under treatment at the hospital. He at times is unable to utter a word for a day at a time although in full possession of all other faculties. His affliction was caused by an injury received while riding a bucking horse a year or so ago.

## Keep Away.

W. Tam Clark, an old miner of Alameda county, California, who went to Alaska in search of a fortune, has made a tour of that country and has sent a report to his friends.

"I would not encourage anyone to come to Alaska this year," says Mr. Clark in his report. "This land of glaciers has its surface rubbed and scarred and its golden seed scattered until every stream and brook will show color, hence the cry that all Alaska is gold, but it is not in quantities that will pay to work except in a few localities. When quartz veins are found and a gold belt discovered and located and marked on the maps it will be time enough for men from civilized parts to come and locate their small twenty acres in this vast land."

## Free Pills.

Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of constipation and sick headache. For malaria and liver troubles, they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to the stomach and bowels greatly invigorate the system. Regular size 25c. per box. Sold by Tombstone and Bisbee druggists.

## AN EARLESS BOY.

Also He Has a Fish Mouth and No Chin.

A freak of nature in the shape of a 16-year-old boy without ears has been discovered at East Brady, a little town on the Allegheny River. The lad is Frank Collins. Until recently he was an inmate of the Duaneville poorhouse. For several years museum managers have been after him, but the poor authorities refuse to allow him to be exhibited. As he is now over 16 they think he will not be ill-treated and have decided not to "rent" him until he is of age.

In addition to having no ears he has a fish mouth and is deaf and dumb. The sides of his head are smooth except where the lobe of the ear should be. At this spot there is a slight growth that projects above the side of the head. His forehead is low. The top of the head slopes until it reaches the back of the cranium. He has little or no chin and his mouth projects to such an extent that it has the appearance of the mouth of a fish. His head is covered with a sparse growth of thin hair. The remainder of the lad's body is perfect. His hands and feet are very small.

## FOR OVER FIFTY YEARS.

An old, well-tried remedy. Mr. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggist in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

## To Colonize Mexico.

Among the passengers on the China which arrived from Yokohama at San Francisco were Sho Memoto and the Kuskadof, prominent Japanese men of business, whose errands are to arrange the details of a gigantic colonization scheme in Mexico. They have secured an option on 30,000 acres of land in the state of Chihuahua, Mexico, and are on their way to consummate the deal. The land is sold to them at \$1 per acre. The immense tract will be cut into small farms, which will be operated by coolie labor brought from Japan. Cotton, sugar, tobacco and other products adapted to the climate will be raised. In addition to the above Sho Memoto has been commissioned by the Japanese government to investigate the trade prospects of Mexico and Central America. It is the desire of the Japanese to trade directly with the countries south of the United States as far down as Panama, and a steamship line will be subsidized to run the ports along the coast.

The hearing of the smuggling case was had yesterday before Court commissioner Duncan and resulted in two of the Mexicans being held to answer before the next U. S. Grand jury and one being discharged. The prisoners are all in the county jail now awaiting transportation to Tucson.

## THE INITIATIVE.

Populists Issue Their Call for a Convention.

A Delegate Convention of the People's party of Arizona is called to meet in Phoenix on Thursday, the 20th day of August, 1896, for the purpose of nominating a candidate for delegate to congress. There will be 75 delegates, Cochise county's apportionment being eight. The call reads:

"We cordially and earnestly invite all men of all political faiths and creeds to lay down their party prejudices, and come over and help the People's party secure our political and moral freedom from monopoly and plutocracy, and give back to the people that once beloved form of government which was justly administered for the good of all the nation, and not for a special privileged few to the detriment of the toiling masses. Ask yourself the question: 'Can I afford to assist in fastening upon the toiling millions a bondage more galling than the slavery of the blacks?'"

The Cochise county committee, for the purpose of electing delegates to the territorial convention, will meet at Bisbee on the 12th day of August, at which Tombstone will be represented by Jake Trobridge, A. T. Shuster and Andy Bissett.

There has been three cases of hydrophobia reported in Mesa, and in consequence notice has been given that all unmuzzled dogs found upon the streets will be killed.

## If you knew

how delicious and thoroughly good tea can be, you'd get the right kind, and drink twice as much.

The right kind is Schilling's Best. It is pure Japan tea, the tenderest leaves the growers can find for you.

Tender leaves make delicate tea.

Tough leaves make tough tea—not to mention the coloring that is used to make tough leaves look fine, and the weighting used to swell importers' and retailers' profits.

Schilling's Best at your grocer's. Your money back if you don't like it.

Schilling's Best coffee, baking-powder, soda, spices, and flavoring-extracts, are also money-backed. A Schilling & Company San Francisco

## You don't

drink tea enough, and there's good reason for it; tea is not good enough.

What tea? Every Japan tea (that we know of) sold in the United States. They are all poor tea that the Japanese would n't touch, loaded with soapstone or gypsum, and painted to give them "style."

What do you care about "style"? What you want is tea, is n't it? Style is first-rate in its place; but its place is not in tea.

There is no pure Japan tea that you can be sure of but Schilling's Best. At your grocer's, who gives your money back if you say, "I don't like Schilling's Best."

Schilling's Best coffee, baking-powder, soda, spices, and flavoring extracts, are also money-backed. A Schilling & Company San Francisco

## Don't Go By Looks.

You do not judge worth by appearance. An ugly face may hide a lovely character, and a painted face—you know what is behind that.

Schilling's Best is pure, whatever else it may be.

Vanderbilt, San Bernardino Co., Cal. is reported to be reviving. A. G. Campbell has ordered machinery to the extent of \$60,000. The Boomerang, which is now down nearly 600 feet, will be run down 500 feet further, which will, it is thought, uncover ore and develop to assist in working it. The 10 stamps that are now working will shortly be doubled in number.

## DID YOU EVER MAKE MONEY EASY.

MR. EDITOR—I have read how Mr. C. E. B. made so much money in the Dish Washer business and think I have beat him. I am very young yet and have had little experience in selling goods, but have made over eight hundred dollars in ten weeks selling Dish Washers. It is simply wonderful how easy it is to sell them. All you have to do is to show the ladies how they work and they cannot help buying one. For the benefit of others I will state that I got my start from the Mound City Dish Washer Co., St. Louis, Mo. Write to them and they will send you full particulars.

I think I can clear over \$3,000 the coming year and I am not going to let the opportunity pass. Try it and publish your success for the benefit of others. J. F. C.

RHEUMATISM cured by Dr. Miller's Pain-Exposer. "One cent a dose." At all druggists.
